September 11, 2017

Motion: A                      No:                      Abstain

Correction: All kids did not get water bottles. The Learning Center and home school kids did not receive water bottles.

**Table Reports**

Social and Recreation/Social Connections/Social Cohesion

Kristy Chadd is looking for a way to get rid of the goat heads in the baseball field. She is looking for another grant to help with the cost. Also, Kristy has agreed to give us a report. Kristy is also looking at leveraging her grant.

Jobs

\*DOLA-Capacity Building There are 3 stages in involvement. Candidate level, get 4 people involved. One being the town mayor, board of trustees, the chamber, and us. Grants start out at \$2,500.

\*Region 9- Massive drop in jobs in Dolores County. The report shows a 26% drop in employment.

Outreach

\*Welcome baskets-Dessie and Donna Mae have not met together on them yet.

Physical Environment

\*Water bottles-is there money in the budget, how many do we order, do we want new colors? Keep them in our office and have the schools request how many they need. Learning Center did not get them last time they were handed out, so it was a lesson learned. Maybe work with Kristy Chadd with the home school kids so they can also have a bottle.

Governance

They are doing great. Governance document has been completed and approved.
