### YOUTH VOICE

Heather Nielson talked about the Youth Voice and the fact that we are having a difficult time getting the group back together during and after the holidays. Heather Nielson found batting cage equipment at a reasonable price in Florida. We will be offering activities and parties to see if we can get the Youth Voice back on track.

### FINANCIALS

The financials for November were presented to the Team by Ronda Lancaster.

### CRITICAL THINKING

Jan Agardy shared that she was working with the Dove Creek and Egnar fire departments. There is a concern in the community that senior citizens are not getting the care that is needed.

Kim Alexander said that she had attended the school board meeting. The school is able to remove the high school mil levy to pay off the school. There will be a Friday school board meeting and Kim will be attending a meeting provided by Team Up on mental health for youth.

Chelsea gave update information about the medical concerns of her pregnancy.

The meeting was adjourned at approximately 8:30 p.m.
